SUPREME APPALOOSA

2009 Dilutes Colour Breed Show

The horse's of Mohegan Stud were involved in the RSPCA's recent fundraising day . We offered face painting as well & the kids came up with the Indian idea which was sooo cute. The day was huge, we had a lovely shady paddock to do the pony rides. We personally took 2 horses from Mohegan, all up there were 8 horses there raising the money. Drove of kids, one after the other flooded over to have their FIRST pony ride EVER!! (How Cute). Bandit & Awesome were very popular pick for the kids - I want that one, I want that one!!! So of course we were bugged but a totally worthwhile cause. We raised over \$1,000.00 between 10am & 3pm so you can only imagine how popular the pony rides were. There were lots of other things to look at while there, dog displays from customers, jump castles, ice cream van etc etc - a really well organised fun day for all. I was so proud of Awesome, this was out of his comfort zone & he totally lapped every kiss & cuddle up as a true Appaloosa would. Bless the spots love!!
